

About DriveTime

Since 2002, DriveTime has been specializing in financing and selling used cars for people with less-than-perfect credit. We have approximately 90 dealerships in 18 regions across the U.S., including Jacksonville. There are several conveniently located Jacksonville DriveTime stores that have a great selection of used vehicles to choose from and that offer financing for our customers.

At DriveTime, we do 99% of our own financing at our store locations so that you don't have to deal with a separate bank or lender when you purchase your vehicle. Banks can be embarrassing places to visit when you are struggling with poor financial history, which is exactly why Jacksonville DriveTime does all your financing for you. We consider aspects of your financial history that most banks and lenders never take the time to look at, which is why we can almost guarantee that you will be approved.

If you are cringing at the word "approved" then you obviously haven't seen our website! There you can find out whether you are approved within just two minutes and you never even have to leave your home! The process is just this simple:

- Visit our website at www.DriveTime.com
- Complete our short online application
- Find out if you have been approved within TWO minutes!
